Subject index*

A

Abdominal trauma
Blunt abdominal trauma (Neff). 1987;13:114-7

Abortion
Dilatation and evacuation performed in the emergency department for miscarriage (Brennan and Caldwell). 1987;13:144-8
Dilatation and suction curettage in the emergency department: policies and procedures development (Gaffney). 1987;13:149-55

Abstracts
Research abstracts. 1987;13:56-9, 112-3, 182-3, 258-9, 317-8, 380-2

Accreditation
A modest proposal (Shapiro). 1987;13:70-2 (Guest editorial)

Acquired immunodeficiency syndrome
Assessment of the person with acquired immunodeficiency syndrome in the emergency department (Jordan). 1987;13:342-5
Precautions to prevent transmission of human immunodeficiency virus infections in emergency settings (Halpern). 1987;13:298-300

Adsorbents
Use of emetic, adsorbent, and cathartic agents in acute drug overdose (Joubert). 1987;13:49-51

Aeromedical transport; *see also* **Flight nursing**
Aeromedical transconjunctival oximeter hemodynamic monitoring in the trauma patient (Lee). 1987;13:241-3
Comparison of flight nurses' prehospital assessments and emergency physicians' ED assessments of trauma patients (Campbell). 1987;13:219-22
Flight nursing: expect the unexpected (Kirschke). 1987;13:209-11
Flight nursing: living it and loving it (Nimmo). 1987;13:262-3
Flight nursing: opportunities, risks, and rewards (Hensleigh). 1987;13:197 (Guest editorial)
Flight nursing practice: What is the governing body? (Campbell). 1987;13:198-9 (Guest editorial)
Helicopter transport of a child with acute seizure activity (Braunstein). 1987;13:260-1
History of flight nursing (Lee). 1987;13:212-8
The nine stresses of flight (Browne et al). 1987;13:232-4

Aeromedical transport Cont'd
A prototype flight nurse education program (Campbell). 1987;13:235-40
Quality assurance for aeromedical transport (Eastes). 1987;13:223-8
A tribute to flight nurses (Lenehan). 1987;13:191-3 (Editorial)

Aged; *see* **Elderly**

Amanita poisoning
Amanita poisoning treated with endoscopic biliary diversion (Frank and Cummins). 1987;13:132-6

Amputation
Emergency care of the patient with a traumatic amputation (O'Hara). 1987;13:272-7
Traumatic amputation (Wright). 1987;13:319-21
Traumatic amputation and successful replantation of the left hand after an industrial accident (Loomis). 1987;13:269-71

Ants
Fire ant envenomation (Bertinasco). 1987;13:75-6

Aortic rupture
Cardiac and great vessel trauma: assessment, pathophysiology, and intervention (Kite). 1987;13:346-51

Asphyxiation
Pediatric trauma: initial assessment and management (Manley). 1987;13:77-87

Assessment
Assessment of the person with acquired immunodeficiency syndrome in the emergency department (Jordan). 1987;13:342-5
Cardiac and great vessel trauma: assessment, pathophysiology, and intervention (Kite). 1987;13:346-51
Common pathologic conditions in elderly persons: nursing assessment and intervention (Kidd and Murakami). 1987;13:27-32
Comparison of flight nurses' prehospital assessments and emergency physicians' ED assessments of trauma patients (Campbell). 1987;13:219-22
Nursing assessment of the ED patient with psychiatric symptoms: a quick reference (Dreyfus). 1987;13:278-82
Pediatric trauma: initial assessment and management (Manley). 1987;13:77-87

Audiovisual reviews
Audiovisual reviews. 1987;13:363-4

Audiovisual instruction
Efficacy of audiovisual tape versus verbal instructions on crutch walking: a comparison (Williams and Manske). 1987;13:156-9

Authority
To profess—to be a professional (Diers). 1987;13:4-9 (Guest editorial)

*January/February, pp 1-66; March/April, pp 67-128; May/June, pp 129-190; July/August, pp 191-264; September/October, pp 265-324; November/December, pp 325-392.

B

Bacteria
Epiglottitis (Neff). 1987;13:184-5
Barometric pressure
The nine stresses of flight (Browne et al). 1987;13:232-4
Behavioral issues
Behavioral issues. 1987;13:290-5, 359-62
Biliary diversion
Amanita poisoning treated with endoscopic biliary diversion (Frank and Cummins). 1987;13:132-6
Blood gases
Aeromedical transconjunctival oximeter hemodynamic monitoring in the trauma patient (Lee). 1987;13:241-3
Blood pressure
Assessment of orthostatic hypotension (Halpern). 1987;13:170-1
Prevalence of previously undetected hypertension in patients with nonacute conditions (Franklin). 1987;13:283-5
Blunt abdominal trauma
Blunt abdominal trauma (Neff). 1987;13:114-7
Book reviews
Book reviews. 1987;13:45-7, 99-100, 168-9, 296-7, 363-4
Burns
Standard of care for the adult patient with thermal injury (Neff). 1987;13:59-63

C

Carcinoma
Vascular access devices: uses and aftercare (Taylor and Taylor). 1987;13:160-7
Cardiac transplantation
Emergency nursing care of the cardiac transplant patient (Collins). 1987;13:137-43
Cardiac trauma
Cardiac and great vessel trauma: assessment, pathophysiology, and intervention (Kite). 1987;13:346-51
Cardiopulmonary resuscitation
A quick overview of the new standards and guidelines for cardiopulmonary resuscitation and emergency cardiac care (Sheehy). 1987;13:47-9
Caring
To profess—to be a professional (Diers). 1987;13:4-9 (Guest editorial)
Case review
Case review. 1987;13:75-6, 132-6, 209-11, 269-71, 330-3
Cathartics
Use of emetic, adsorbent, and cathartic agents in acute drug overdose (Joubert). 1987;13:49-51
Certification
Flight nursing practice: What is the governing body? (Campbell). 1987;13:198-9 (Guest editorial)
Cervical spine
Trauma to the aging cervical spine (Bryson et al). 1987;13:334-41
Chest trauma
Cardiac and great vessel trauma: assessment, pathophysiology, and intervention (Kite). 1987;13:346-51
Flail chest: management implications for emergency nurses (Gough et al). 1987;13:330-3
Child
Helicopter transport of a child with acute seizure activity (Braunstein). 1987;13:260-1
The misuse of child safety restraints (Halpern). 1987;13:365-8
Pediatric trauma: initial assessment and management (Manley). 1987;13:77-87
Clinical notebook
Clinical notebook. 1987;13:47-9, 170-1, 249-52, 298-300, 365-8
Clinical topics
Ways to present clinical topics (Sheehy). 1987;13:377-9
Collaboration
Competition or collaboration? (McMahon). 1987;13:265-7 (President's message)
Coma
An adult diabetic man with a depressed sensorium (Kent). 1987;13:186-7
Pediatric trauma: initial assessment and management (Manley). 1987;13:77-87
Combat fatigue
Understanding posttraumatic stress disorder in Vietnam veterans (Sirois and Swift). 1987;13:290-5
Competition
Competition or collaboration? (McMahon). 1987;13:265-7 (President's message)
Complications
Complications of ED treatment: Who is liable? (George and Quattrone). 1987;13:175
Confidentiality
Incident reports and confidentiality (George and Quattrone). 1987;13:253

Corrections
Dilatation and evacuation performed in the emergency department for miscarriage (Brennan and Caldwell) (1987;13:144-8). 1987;13:313
U.S. hospital-based aeromedical programs listing (Blanchard) (1987;13:44A). 1987;13:329
Correspondence; *see* **Letters**
Criteria-based evaluation
Criteria-based performance evaluations using the ENA Standards of Emergency Nursing Practice (Selfridge). 1987;13:91-5
Crutch walking
Efficacy of audiovisual tape versus verbal instructions on crutch walking: a comparison (Williams and Manske). 1987;13:156-9
Curettage
Dilatation and suction curettage in the emergency department: policies and procedures development (Gaffney). 1987;13:149-55

D

Death
Some thoughts on helping grieving families (Baker). 1987;13:359-62
Dehydration
The nine stresses of flight (Browne et al). 1987;13:232-4
Diabetes mellitus
An adult diabetic man with a depressed sensorium (Kent). 1987;13:186-7
Dilatation
Dilatation and evacuation performed in the emergency department for miscarriage (Brennan and Caldwell). 1987;13:144-8
Dilatation and suction curettage in the emergency department: policies and procedures development (Gaffney). 1987;13:149-55
Dobutamine
A graphic solution to the calculation of dopamine and other vasoactive drug dosages (McGraw). 1987; 13:172-4
Dopamine
A graphic solution to the calculation of dopamine and other vasoactive drug dosages (McGraw). 1987; 13:172-4
Drugs
Drug screening in the emergency department (George and Quattrone). 1987;13:304-5
Drugs Cont'd
A graphic solution to the calculation of dopamine and other vasoactive drug dosages (McGraw). 1987; 13:172-4
Hospital liability for nonpatients: a case report (George and Quattrone). 1987;13:52-3
Implications, actions, and uses of intravenous nitroglycerin (Levine and Becer). 1987;13:301-3
Nursing assessment of the ED patient with psychiatric symptoms: a quick reference (Dreyfus). 1987;13: 278-82
Specific treatments of poisoning by household products and medications (Newton et al). 1987;13:16-26
Use of emetic, adsorbent, and cathartic agents in acute drug overdose (Joubert). 1987;13:49-51
Drug update
Drug update. 1987;13:49-51, 102-6, 172-4, 301-3

E

Edema
Emergency care of the patient with neurogenic pulmonary edema (Moore and McGinnis). 1987;13:244-8
Editorials; *see also* **Guest editorials**
Editorials. 1987;13:4-9, 67, 70-2, 191-3, 197-9, 325-7
Education; *see also* **Teaching**
A prototype flight nurse education program (Campbell). 1987;13:235-40
Sharing the ED instructor role (King and Roussel). 1987; 13:352-4
